

Congratulations Dominion Team!

On October 28, 2009, the Dominion No. 36 mine team received a special award from the National Mining Association (NMA) and the U.S. Department of Labor's Mine Safety and Health Administration (MSHA). The *Sentinels of Safety* award is presented annually to those mines with the best safety records in the country – which means they are also among the safest mines in the world! The winners are those mines that have worked the most employee hours without experiencing a lost-time injury.

This award was first initiated in 1925 and has become the most outstanding symbol of excellence in safety. SunCoke is very proud of our Jewell and Dominion team for receiving this very prestigious honor.

Photographed below are members of the Jewell, Dominion, and SunCoke team at last week's ceremony.

Greg Ratliff – Superintendent D36
Roger Clark – Section Mechanic D36
Larry Frazier – Section Foreman D36
Scott McGlothlin – Miner Operator D36
Richard Waddell – VP & General Manager
Wayne Pruitt – VP Operations
Gerald Kendrick – Manager HES
JP Richardson – Manager Contract Mines and Environmental
Mike White – SR VP Operations and Engineering
Delauna Pack – Director Corporate HES
